Parts List:

- 4x Bolts
- 4x Washers
- 1x Pin tool

Tools Needed:

- L-Shaped Hex Socket Wrench

Before You Begin:

✓ **Check Parts** – Verify all included components before starting.

✓ **Review Instructions** – Read this guide thoroughly before installation.

Safety Notice:

🔒 Always **set your password** with the **door open** to avoid accidental lockouts. **Test** the password 3–5 times to ensure proper operation **BEFORE** installing the safe in your vehicle.

Installation Steps

1. **Prepare Console Box**
   - Open the center console under the middle seat cushion and empty all contents
   - Use the L-shaped Hex Socket Wrench (supplied) to remove bolts from the bottom of console.
2. **Prepare Safe**
   - Open safe door, remove the padding, and set it aside.
3. **Position Safe**
   - Position safe into the console. Note: The safe must be tilted when inserting it into the console.
4. **Secure Safe**
   - Place the screws (supplied) with the washers into the mounting holes
   - Use the included Wrench to secure screws.
5. **Place the padding**
   - Return the padding (removed in Step 2) to the interior of the safe.

⚠ **Caution:** Over tightening may damage console
