**Installation Steps**

**1. Prepare Armrest Box**

- Remove all items from the console armrest box

**2. Prepare Safe**

- Open safe door, remove the padding, and set it aside.

**3. Position Safe**

- Place the safe into the console armrest box.

**4. Locate the reserved mounting Holes**

- Identify the reserved mounting holes on the frames of the safe.
- Use the provided punch tool to create pilot holes in the console box wall through these reserved holes.

**5. Secure Safe**

- Place the self-tapping screws into the holes created in the previous step.
- Use included Screwdriver to secure screws.

**6. Place the padding**

- Return the padding (removed in Step 2) to the interior of the safe.

⚠ **Caution:** Over-tightening may damage the console box.
