Parts List:

- 4x Bolts
- 4x Washers
- 1x Pin tool
- 2x Keys

Tools Needed:

- L-Shaped Hex Socket Wrench

Before You Begin:

- ✓ **Check Parts** – Verify all included components before starting.
- ✓ **Review Instructions** – Read this guide thoroughly before installation.

Safety Notice:

 Always **set your password** with the **door open** to avoid accidental lockouts. **Test** the password 3–5 times to ensure proper operation **BEFORE** installing the safe in your vehicle.

Installation Steps

1. Prepare Console Box

- ▶ Open the center console under the middle seat cushion and empty all contents
- ▶ Use the L-shaped Hex Socket Wrench (supplied) to remove bolts from the bottom of console.

2. Prepare Safe

- ▶ Open safe door, remove the padding, and set it aside.

3. Position Safe

- ▶ Position safe into the console. Note: The safe must be tilted when inserting it into the console.

4. Secure Safe

- ▶ Place the screws (supplied) with the washers into the mounting holes
- ▶ Use the included Wrench to secure screws.

5. Place the padding

- ▶ Return the padding (removed in Step 2) to the interior of the safe.

 **Caution:** Over tightening may damage console
